

SUST 134 - Introduction to Sustainability

Community Experience Opportunities Report Form

Opportunities are scheduled for first-hand experiences at representative farms, markets, and other venues in the local foodshed and at major sustainability events. Satisfactory participation in two (2) of the opportunities will satisfy the requirement. A minimum of 2 hours activity per event is expected. Transportation is on your own (directions will be provided). The biodiesel van will be available for 9 passengers.

Please use this form to report your activity to obtain credit. Submit it to the instructor within one week of the event.

Your name _____ **Witness** _____

Event:

Title _____

Location _____

Date: _____

Times: Begin _____ **End** _____

Describe your activities and contributions to the event.

What made this event effective (or not) as a sustainability activity?

What did you gain personally and academically from this experience?

If you had the chance, how would you improve the event or activity?
